3 Choose a Benefit Increase Option

When you choose a benefit increase option, you will be able to select from a variety of options that will increase your benefit by a certain amount each year.

£ Future Purchase Option

This option allows you to purchase additional life insurance coverage at a future date. The amount of coverage you can purchase will be determined by the amount of coverage you currently have. The cost of the coverage will be based on the current rates for the amount of coverage you are purchasing.

£ Automatic 3% Increase for Life – Compound

This option allows your benefit to increase automatically by 3% each year, compounded annually. The cost of the coverage will be based on the current rates for the amount of coverage you are purchasing.

£ Automatic 5% Increase for Life – Compound

This option allows your benefit to increase automatically by 5% each year, compounded annually. The cost of the coverage will be based on the current rates for the amount of coverage you are purchasing.
